The Right People, Where You Need Them, When You Need Them.

Healthcare Staffing Experience Overview

Come join our excellent team of healthcare professionals at Augmentation, Inc. Established in 1972, the Health Services Division has been charged with the provision of staffing and managing hospitals, clinics and private clients in their homes. Our first contracts were with the Gravely Wideman Clinic, UAB's Diabetes Hospital and the State of Alabama Department of Mental Health and Mental Retardation. Our leadership is exemplified through the provision of administrative and staffing services for over fifteen years to the Diabetes Hospital, and over twenty-five years to Jefferson County (Cooper Green Hospital/Jefferson Health System and Jefferson Rehabilitation and Health Center), along with extensive services to a wide variety of hospice agencies, home health companies and private duty patients.
